Orthopedic Surgery | Total Joint Replacement

Lexington Clinic is seeking a full-time **BC/BE fellowship-trained joint replacement orthopedic surgeon** to join a thriving practice located in Lexington, Kentucky. The Lexington Clinic Orthopedics – Sports Medicine Center has eight board-certified orthopedic surgeons and is looking for an additional partner because of increased volumes and patient needs. The senior joint surgeon joined the group in 2003, and is the only surgeon in the group specializing in total joint replacement.

The anticipated weekly clinic volume is 75-100; procedures 12-20. The weekday call schedule will be 1:7 with weekend service call at 1:5. The department is affiliated with four local hospitals; service call responsibilities are at one hospital per physician. The group currently has one fellowship-trained total joint specialist practicing at a weekly volume of 15-20 hip and knee replacements with an average wait time of 6-12 weeks for surgery. There is a great need for an additional total joint surgeon due to the retirement and relocation of three total joint surgeons in the community. This is an incredible opportunity to build a very busy practice!

Some of the surgical services offered by our orthopedic surgeons include:

- elbow surgery
- orthopedic hospitalist
- shoulder surgery
- knee surgery
- hip surgery
- hand surgery

The Lexington Clinic Orthopedics Department has an established referral base and favorable payer mix.

This position will offer a competitive salary guarantee with production driven quarterly bonuses. Opportunity for partnership is available after one year, with no buy-in! Lexington Clinic offers a very rich benefits package for physicians including health and dental, employee independent and dependent life coverage, 401k, short and long-term disability, long-term care, vacation and CME time, CME stipend, and flexible spending account.
