

ATTENTION

COVID-19 PATIENT UPDATE

March 23, 2020 At Lexington Clinic, we strive to provide the highest quality of health care for our patients. **At this time, we are requesting our patients to limit the number of people accompanying them. If you feel you must be accompanied by someone to your scheduled appointment, please ensure that it is ONLY ONE PERSON**, who does not display any symptoms of COVID-19 like fever or cough, with or without shortness of breath.

Working together, we are confident that these measures will help us succeed in managing the spread of COVID-19 within our facility while balancing the needs of our patients.
