Lexington Clinic is seeking a full-time BC/BE Family Medicine physician to join a very busy primary care practice. Jessamine Medical and Diagnostics Center is located in Nicholasville, Kentucky just outside of Lexington, and offers an outpatient opportunity with limited office (phone) call only.

The average daily patient volume per provider is 20 to 25 and some of the in-office capabilities include diagnostic X-ray, CT, MRI, Ultrasound, Lab, Bone Densitometry and Mammography. STAT readings are available if needed. There is a laboratory on-site that can perform some basic testing. All other testing is sent to Lexington Clinic's main lab and usually processed within 24 hours.

The facility has a walk-in clinic staffed by physician assistants and nurse practitioners during regular office hours and extended evening and weekend hours. Lexington Clinic has its own group of Hospitalists who provide care at St. Joseph/Kentucky One Health Hospital in Lexington.

Specialty care services including cardiology, dermatology, gastroenterology, otolaryngology, podiatry, rheumatology, urology and OB/GYN, are offered on-site through visiting Lexington Clinic specialists.

This position offers a competitive salary guarantee with potential production-driven quarterly bonuses and opportunity for partnership is available after one year. Lexington Clinic offers a rich benefits package for physicians which includes health and dental, employee independent and dependent life coverage, 401k, short and long-term disability, long-term care, vacation and CME time, CME stipend and a flexible spending account.

Among the many positive aspects of this position are:

- Existing patient base
- Excellent specialty care partners
- Favorable payer mix
- Partnership Track
- Physician owned

THE BLUEGRASS IS CALLING
HISTORY
The idea of forming a medical clinic for group practice was implemented in 1920 by David Barrow, MD, and Waller Bullock, MD. With seven other physicians, Drs. Barrow and Bullock formed a partnership, patterned after the Mayo Clinic, that became Lexington Clinic.

KEY INNOVATIONS
- 1920
  Dr. Elmer S. Maxwell was the first pathologist in Lexington. Under Dr. Maxwell’s guidance, with the cooperation of the University of Kentucky, Lexington Clinic established a school for medical technologists.
- 1925
  Dr. Donald Harding joined Lexington Clinic as the first trained radiologist in Lexington. He was a pioneer in both diagnostic and therapeutic X-ray, establishing the first radiology department in Lexington.
- 1960s
  Lexington Clinic physicians developed the first cardiac care unit in Lexington at Saint Joseph Hospital.
- 2004
  Lexington Clinic installed the first 16-slice CT scanner in Lexington that could rotate around a patient’s body in only a half of a second.
- 2006
  Dr. Richard Floyd, IV, performed the first thoracic ablation surgery for atrial fibrillation.
- 2014
  Lexington Clinic became the only medical group practice in Kentucky accredited by the Accreditation Association for Ambulatory Health Care (AAAHC).
- 2015
  Lexington Clinic neurosurgeons begin operating with Airo Mobile Intraoperative CT technology, becoming the first in Kentucky to utilize this equipment.
- 2015
  Lexington Clinic neurosurgeons begin operating with Airo Mobile Intraoperative CT technology, becoming the first in Kentucky to utilize this equipment.

LEXINGTON CLINIC FACTS
- Cares for more than 2,000 patients daily and 500,000 patients annually

LEXINGTON CLINIC FOUNDATION

Lexington Clinic Foundation (LCF) is the nonprofit, philanthropic arm of Lexington Clinic, providing community-based health, grants, scholarships and research funds in Central Kentucky since 1959. LCF is dedicated to improving the health and well-being of the communities it serves.
LEXINGTON, KENTUCKY

Lexington is the second-largest city in Kentucky with a population of approximately 300,000 and is known as the “Horse Capital of the World”. Located in the heart of the Bluegrass, white fences line the countryside and stately horse farms house some of the world’s greatest thoroughbred horses. Lexington is home to the Kentucky Horse Park, historic Keeneland Racetrack and the Red Mile race course and is an active university town – home to the University of Kentucky and Transylvania University.

With something to offer for everyone, from sports to fine arts and a variety of worship centers, Lexington is home to many thriving organizations including a professional orchestra, philharmonic, two ballet companies, professional theatre, museums, choral organizations and the historic Lexington Opera House.

Providing an excellent place to raise your family, Lexington offers a wide variety of public and private schools, which are ranked among the top third of schools nationwide, and a low crime rate. Lexington plays an integral part in the region as the leading medical and commercial center, creating a healthy economical climate with low unemployment and cost of living. The city is strategically located at the intersection of Interstates 64 and 75 and is approximately 60 miles from Louisville, Kentucky and Cincinnati, Ohio. Accessible by air, the local airport offers more than 80 daily flights to major cities throughout the country.

NICHOLASVILLE, KENTUCKY

Positioned just minutes from the south side of Lexington, in the heart of Kentucky’s Bluegrass region, Nicholasville is among the fastest growing cities in the state. Nicholasville has a population of approximately 30,000 and is within a two hour drive of Louisville, Cincinnati and several state parks and lakes. Known for its scenic beauty, magnificent thoroughbred horse farms, music heritage and historical significance, Nicholasville offers affordable housing, excellent education and a flourishing economy.
